

Sponsorship, Funding and Student Finance

Sponsorship

Many of our students are successful in securing partial or full funding from their employer or other sponsoring organisations to support their studies. For UK applicants, have you tried approaching your line manager, clinical lead, or education lead in your NHS Trust or Clinical Commissioning Group (CCG) to see if there is partial/full sponsorship available to help support your studies?

Employers may also support you by affording study leave, in turn reducing your clinical hours so that you can focus on your postgraduate studies to make the most positive impact on your career.

If your employer, or any other sponsoring organisation would like to sponsor your postgraduate studies, please request a Sponsorship Form from your Education Advisor.

Lendwise

ihed has a partnership with **Lendwise** to help you fund your course fees should you require financing. Lendwise is a UK-based education finance platform through which candidates can fund their postgraduate and professional qualification studies at leading educational institutions.

A Lendwise loan comes with a fixed interest rate for the duration of the loan and no early repayment penalties. The interest rate offered will depend on the overall applicant profile and the application process is entirely online.

All UK-domiciled residents are eligible and can apply at any time. Lendwise require applicants to have a clean credit record (no defaults, arrears, etc). Once you submit an application on Lendwise's website, Lendwise will inform you whether you have been provisionally approved for a loan. You will then be asked to provide some relevant documentation to complete the process of the approval of your loan. Your course fees will then be funded directly to us.

Please contact [Lendwise directly to apply for your loan.](#)

Who is iheed?

iheed is leading the way in delivering high-quality **online medical education**. Built by doctors and healthcare professionals, we have **over 30,000 users** across the globe, and believe that effective, accessible medical education is the key to providing better health outcomes worldwide. **iheed** is a division of Cambridge Education Group.

Since 1952, Cambridge Education Group has been delivering the highest quality academic programmes, providing a valuable stepping-stone for thousands of students to progress onto the world's leading universities and maximise their career opportunities.
